Proposed Itinerary for a one day charter in Low Season

This itinerary is just a guide-line, and will depend on the prevailing conditions, such as winds and tides, during the day of your cruise. This is our suggestion using our extensive knowledge of the cruising area, and choosing what we think would be an ideal routing. This would give you a variety of scenery, calm waters, kayaking, fishing, opportunities for dining on the beach, beach games, beach barbecues, and exploring many different types of islands and beaches.

Our Tigermarine Charter bus, along with several other buses will pick you and your guests up from your hotel at a pre-arranged time, and take you to the Boat Lagoon to board Shangani. Board the boat, and enjoy a welcome drink of chilled fresh coconut juice, before setting off down the river with views of the Mangroves either side, and out into the open sea. Then you can sail north to the beautiful Koh Panak island, This island is in Phang Nga Bay and is spectacular, with limestone pinnacles rising from the sea, and many hidden lagoons and caves to explore by dinghy and kayaks.

From here cruise to Naka Yai Island where you can enjoy our big slide from the top deck, and the floating sea jacuzzis, or just swim off the large swimming platform on Shangani.

Then continue the cruise south again to Rang Yai island, where Shangani will anchor off the lovely white sand beach, and enjoy a delicious meal prepared by our on-board five-star chef, a mixture of exotic Thai dishes and BBQ with salads. Enjoy a drink on the upper deck, or relax in the jacuzzi, before heading back to Phuket Island at sunset, ending your cruise in either Ao Po marina on the north east coast of Phuket, or the Boat Lagoon on the east coast. Here the buses will be waiting to take you back to your hotel.
